SUPPLEMENTAL RESPONSE TO
NOTICE TO COMPLY ... SEQUENCE DISCLOSURES

Sir:

On 17 November 2004, applicant filed a timely reply to the Notice regarding a *bona fide* nonresponsive amendment mailed 17 June 2004. The reply included a replacement sequence listing.

Although the Office has not issued any communication or requirement based on the 17 November submission, the official file wrapper (viewed on PAIR) indicates that the replacement sequence listing contains formatting errors. Copies of the relevant pages from the "Raw Sequence Listing" accompany this paper. This submission is filed to rectify the errors in the sequence listing as identified by the Office.

Please amend the application by substituting the attached paper-copy sequence listing for the sequence listing filed on 17 November 2004.

Please amend the claims as shown in the claim listing on the following pages.
